

Injecting LIFE in...

Determined pursuit of perfection

## VISION AND MISSION

To ensure access to high quality critical care products to healthcare professionals and patients across the globe. Harson is committed to challenge the unfulfilled medical needs of the world through a comprehensive pharmaceutical value chain.

## ABOUT US

Mr. Chandulal Vora our founder had a vision to innovate, manufacture and market the finest grade of critical care products. With his vision he founded Harson Laboratories in 1970. After 5 decades our ethics, values and principles are still the same with a determined pursuit of perfection. It is in our DNA. The management's passion and drive for excellence has enabled Harson to grow and evolve over the past decades. We are the trusted partners of healthcare professionals and patients across geographies for the last 5 decades. We are ever evolving, ever growing and ever expanding. A reflection of the extent of Harson's expertise is the wide range of products which are being marketed in domestic and international markets with great success.

Our team of expert and experienced professionals along with an entrepreneurial working culture is our pillar of success. Our expert knowledge of raw materials and their behaviour is first brought to bear on new formulations, then extensive testing is carried out to ensure that product specifications can meet rigorous demands of regulatory authorities. Our state of art facility with the latest technology and machineries manufactures the finest quality products. Quality assurance and stringent quality control are the hallmark of Harson. Our inhouse standards for our products are much more demanding than the standards required by the regulatory authority.

Quality is our core strength and we are committed to it in every aspect of our business. We have secured accreditation under WHO-GMP and follow strict GMP and GLP at all manufacturing and quality control levels.

# Advantages of working with HARSON

**At Harson, we have one factor common to all our activities, single minded pursuit of excellence.**

Our organization established in 1970 is headed by an expert team which envisaged marketing strategy by experienced business vision. Ours is a story of determined pursuit of perfection by our team which keeps pace with the fast changing trend of world market.

A reflection of the extent of Harson's expertise is the wide range of products which are presently being marketed in domestic as well as internationally with great success. Product Innovation is the keystone to a company's progress and Harson is particularly well placed to take advantage of new product opportunities.

The company's expert knowledge of raw materials and their behavior is first brought to bear on new formulations, then extensive testing is carried out to ensure that product specifications can meet rigorous demands of regulatory authorities.

We have very sophisticated plant and machineries to manufacture high quality products. We are following up stringent Quality Control and Good Manufacturing Practices as per World Health Organization standards. We have also our own empty ampoule manufacturing plant.

Our products has been exported to many countries such as Honduras Nicaragua, Bolivia, Nigeria, Kenya, Sri Lanka, Thailand, Cambodia, Myanmar, Laos, Vietnam, Philippines, etc. delivering quality products to improve patient care in India & across the globe.

**This pursuit manifests itself in our commitment to achieve Quality Excellence.**

## Quality Assurance, Rigid quality control is a hallmark of Harson.

The in house standards for our products are much more demanding than the standards prescribed by the regulatory authority. The process control during the various stages of production assures homogeneity and other characteristics of all the product lots, the company distributes in the market.

Quality is our strength and we are committed to it in every aspect of our business. We have secured accreditation under WHO-GMP. We follow strict GMP and GLP at all manufacturing and quality control levels. Our state-of-the-art quality assurance laboratory is manned by efficient and well trained personal with years of experience.

## Delivering quality products to improve patient care, our product range is complete with required dosage forms & capacities.

From preventing infections, managing life our product range is complete & has it all. It helps healthcare providers solve most of the challenges faced. Our product range is a result of our experience and expertise combined with our core values of Quality First. Its development is based out of our research in-house and our longterm relationships with our customers nationally & internationally.

Our products are developed and manufactured with latest & updated industry-wide standards approved and accepted globally with our facility being WHO-GMP certified. Our product range addresses both our customers business and industry demand.

Product packaging is an important factor at Harson Laboratories. For primary product, the medication is in contact with glass ampoules and are made of clear or amber our ampoules and vials are manufactured in accordance with the highest quality standards. For secondary packaging we offer a wide range of options from cartons to blisters. We use premium quality boards & plastics with optimum strength to reduce and avoid transit damage.

Our products are available at all leading pharmacy stores across India. The difference we make comes straight out of our ethics; we stay committed to our quality policy.

With the above and all, we express our determined pursuit of perfection.

Sr. No.	Products	Strength	Volume & Container	Use	Remark
1	ADRENALINE INJECTION BP (Adrenaline 1:1000 as Adrenaline Acid Tartrate)	1mg/ml	0.5ml & 1ml Ampoule	Bronchial Asthma, Cardiac Resuscitation, Anaphylactic Shock.	
2	AMIKACIN SULPHATE INJECTION BP	125mg/ml & 250mg/ml	2ml Ampoule	Aminoglycoside Antibiotic.	
3	AMINOPHYLLINE INJECTION BP	25mg/ml	10ml Ampoule	Antiasthmatic /Bronchodilator.	
4	ANALGIN INJECTION	500mg/ml	2ml & 5ml Ampoule	Analgesic, Antipyretic	
5	ATRACURIUM BESYLATE INJECTION USP	10mg/ml	2.5ml Ampoule & 5ml Ampoule	Neuromuscular blocker to produce skeletal muscle relaxation during surgery	
6	ATROPINE INJECTION BP	1mg/ml, 0.6mg/ml & 0.5mg/ml	1ml & 2ml Ampoule	Parasympatholytic, Idiopathic and Postencephalitic Parkinsonism, Bradycardia. For the treatment of poisoning	
7	BUPIVACAINE HYDROCHLORIDE IN DEXTROSE INJECTION USP	5mg/ml Bupivacaine Hydrochloride in 80mg/ml Dextrose Monohydrate	4ml Ampoule	Spinal Anaesthetic	
8	BUPIVACAINE INJECTION BP	5mg/ml	5ml & 10ml Ampoule	Local Anaesthetic	

Sr. No.	Products	Strength	Volume & Container	Use	Remark
9	CALCIUM GLUCONATE AND CALCIUM LACTOBIONATE INJECTION	9mg/ml of Elemental Calcium	10ml Ampoule	In treatment of Calcium Deficiency & Hypocalcaemia, Hypotension, Osteitis Deformans & Osteoporosis	
10	CHLOROQUINE PHOSPHATE INJECTION	40mg/ml of Chloroquine Base; 64.5mg/ml	2ml & 5ml Ampoule	Antimalarial	
11	CHLORPHENAMINE INJECTION BP	10mg/ml	1ml & 2ml Ampoule	Antihistamine for the treatment of Allergic Reactions.	
12	CHLORPROMAZINE INJECTION BP	25mg/ml	1ml & 2ml Ampoule	Sedative, Tranquiliser, Management of psychotic conditions.	
13	CITICOLINE INJECTION	Citicoline Sodium equivalent to Citicoline 250mg/ml	2ml & 4ml Ampoule	Cerebrovascular Disorders, Parkinson's Disease	
14	CLINDAMYCIN INJECTION BP	150mg/ml	2ml & 4ml Ampoule	Lincosamide antibiotic.	
15	DEXAMETHASONE SODIUM PHOSPHATE INJECTION BP	4mg/ml Dexamethasone Phosphate	2ml Ampoule	Anti-inflammatory, Gluco corticoid steroid.	
16	DEXTROSE INJECTION USP	12.50% w/v, 25% w/v & 50%w/v	10ml & 25ml Ampoule	For parenteral nutrition, For providing relief from the symptoms of Cerebral oedema and For hypoglycaemic coma.	

Sr. No.	Products	Strength	Volume & Container	Use	Remark
17	DICLOFENAC SODIUM INJECTION	25mg/ml	3ml Ampoule	Antiinflammatory, Analgesic.	
18	DICYCLOMINE INJECTION USP	10mg/ml	2ml Ampoule	Antispasmodic.	
19	DOBUTAMINE INJECTION USP	50mg/ml	5ml Ampoule	Inotropic agent for management of congestive heart failure.	
20	DOPAMINE HYDROCHLORIDE INJECTION USP	40mg/ml	5ml Ampoule	Treatment of acute heart failure and myocardial infarction.	
21	ETHAMSYLATE INJECTION	125mg/ml	2ml Ampoule	Haemostatic.	
22	FUROSEMIDE INJECTION BP	10mg/ml	2ml Ampoule	Diuretic.	
23	GENTAMICIN INJECTION BP	40mg/ml	2ml Ampoule	Aminoglycoside antibiotic used to treat septicaemia, including neo – natal sepsis and other severe systemic infections due to sensitive gram negative organisms.	
24	GLYCOPYRROLATE INJECTION USP	0.2mg/ml	1ml Ampoule	Anticholinergic agent for preanaesthetic medication.	

Sr. No.	Products	Strength	Volume & Container	Use	Remark
25	HALOPERIDOL INJECTION BP	5mg/ml	1ml & 2ml Ampoule	Tranquilliser, In the treatment of psychoses, management of Gilles De la tourette's Syndrome.	
26	HYOSCINE BUTYLBROMIDE INJECTION BP	20mg/ml	1ml Ampoule	Antispasmodic	
27	INJECTION OF ETOFYLLINE & THEOPHYLLINE	(84.7mg+25.3mg)/ml	2ml Ampoule	Antiasthamatic /Bronchodilator.	
28	IRON SUCROSE INJECTION U.S.P.	Ferric Hydroxide in complex with Sucrose equivalent to elemental iron 20mg	5ml Ampoule	Chronic Kidney Disease	
29	LIDOCAINE 2% AND ADRENALINE INJECTION / LIGNOCAINE 2% AND EPINEPHRINE INJECTION BP	2% + 1:200000 per ml	2ml Ampoule	Local anesthetic, Vaso constrictor combination	
30	LIGNOCAINE HYDROCHLORIDE 2% AND DEXTROSE INJECTION IP 75mg	2% + 75mg per ml	2ml & 4ml Ampoule	Spinal Anaesthetic.	
31	LIGNOCAINE INJECTION BP 2%	2% w/v	2ml Ampoule & 30ml Vial	Local anaesthetic	
32	LINCOMYCIN INJECTION BP	300mg/ml	2ml Ampoule	Lincosamide antibiotic.	

Sr. No.	Products	Strength	Volume & Container	Use	Remark
33	MAGNESIUM SULPHATE INJECTION BP	25% w/v & 50%w/v	2ml, 5ml & 10ml Ampoule	To control the convulsions in acute uraemia and eclampsia	
34	MENAPHTHONE SODIUM BISULPHITE INJECTION	10mg/ml	1ml Ampoule	Prevention of Vitamin K deficiency bleeding.	
35	METOCLOPRAMIDE INJECTION I.P.	5mg/ml	2ml Ampoule		
36	MIDAZOLAM INJECTION BP	1mg/ml & 5mg/ml	1ml, 3ml & 5ml Ampoule	Preoperative sedative.	
37	NEOSTIGMINE INJECTION BP	0.5mg/ml	1ml & 5ml Ampoule	For reversal of neuromuscular Blockade.	
38	ONDANSETRON INJECTION USP	2mg/ml	2ml & 4ml Ampoule	Antiemetic.	
39	OXYTOCIN INJECTION BP	5 IU/ml & 10 IU/ml	0.5ml & 1ml Ampoule	Uterine stimulant.	
40	PRALIDOXIME IODIDE NT-DOTPAM INJECTION	25mg/ml	20ml Ampoule	Antidote to organophosphorous poisoning.	

Sr. No.	Products	Strength	Volume & Container	Use	Remark
41	PANCURONIUM INJECTION BP	2mg/ml	2ml Ampoule	Non-depolarizing muscle relaxant. As an adjuvant to anaesthesia to obtain greater muscular relaxation in surgical operations.	
42	PARACETAMOL INJECTION	75mg/ml	2ml Ampoule	Analgesic and Antipyretic.	
43	PENTAZOCINE LACTATE INJECTION BP	30mg/ml	1ml & 2ml Ampoule	Analgesic.	
44	PENTOXIFYLLINE INJECTION	20mg/ml	15ml Ampoule	Peripheral Vascular Disease; Intermittent Claudication	
45	PROMETHAZINE INJECTION BP	25mg/ml	1ml & 2ml Ampoule	Antihistamine.	
46	QUININE DIHYDROCHLORIDE INJECTION	300mg/ml	1ml & 2ml Ampoule	Antimalarial	
47	RANITIDINE INJECTION B.P.	25mg/ml	2ml Ampoule	Histamine H2 receptor antagonist for the treatment of peptic ulcer, reflux oesophagitis & Zollinger-Ellison syndrome.	
48	SODIUM BICARBONATE INJECTION BP	7.5% w/v & 8.4% w/v	10ml & 25ml Ampoule	For treatment of acidosis.	

Sr. No.	Products	Strength	Volume & Container	Use	Remark
49	SODIUM CHLORIDE INTRAVENOUS INFUSION BP	0.9% w/v	2ml, 5ml, 10ml & 25ml Ampoule	Vehicle	
50	STERILE NORADRENALINE CONCENTRATE BP/ STERILE NOREPINEPHRINE CONCENTRATE BP	2mg/ml	2ml & 4ml Ampoule	For the treatment of acute hypotension.	
51	STERILE POTASSIUM CHLORIDE CONCENTRATE BP	10% w/v & 15% w/v	10ml Ampoule	In the treatment of hypokalaemia in association with hypochloreaemia alkalosis, in the treatment of myocardial Infarction, cumulative digitalis poisoning.	
52	STERILE WATER FOR INJECTIONS B.P.	-----	2ml, 5ml & 10ml Ampoule	Vehicle.	
53	SUXAMETHONIUM CHLORIDE INJECTION BP	50mg/ml	2ml Ampoule & 10ml Vial	Depolarising muscle relaxant	
54	TRAMADOL HYDROCHLORIDE INJECTION	50mg/ml	1ml & 2ml Ampoule	Analgesic.	
55	TRANEXAMIC ACID INJECTION BP	100mg/ml	5ml Ampoule	Haemostatic.	
56	VITAMIN B12 INJECTION BP	1000mcg/ml	1ml Ampoule	Vitamin B12 deficiency.	
57	VITAMINS B1, B6, B12 & D-ANTHENOL INJECTION	100mg, 100mg, 1000mcg & 50mg	2ml Ampoule	Peripheral Neuropathy
